

Site Clearance

Model 4000 | Model 5000

Looking for the ultimate in stump grinding and forestry mowing? These machines are built to withstand the rugged conditions that land clearers tend to encounter, and to surpass all other machines in their class. We've taken cues from industry professionals in the field to build the most efficient, dependable and versatile machines on the market.

WATCH IT RUN!

FEATURES AND OPTIONS

- Just like Bandit's smaller track carriers, operators will enjoy a the same feature-rich, comfortable cabin with six-way adjustable seats, electric joystick controls, and more! Truly a pleasure to operate.
- Quickly take down and dispose of trees of almost any size with these powerful units. Choose from engine options from 300- to 600-horsepower.
- Quality construction and intelligent design make routine maintenance a breeze. These machines will outperform others on the market with minimal downtime.
